

VP- Special Projects & Technologies Elect: Wong Ngai Yung, Kenny

I am honored to be the VP Special Projects & Technologies of PMI Hong Kong Chapter for the coming 2 years. I hope my contribution can help the chapter and the president to better promote PM practice in Hong Kong.

As mentioned in my bio before, with most of my PM experience gained from entrepreneurship, I will try my best to help the chapter to manage special projects & conference, also help to plan the roadmap of chapter's digital transformation. During my 2 years tenure in the PMI Hong Kong chapter, I will be serious and responsible to work with other members to promote the development of the chapter with a positive and cooperative attitude. I wish the PMI Hong Kong Chapter will develop better and stronger in coming years!

Vision Statement:

Being a member of PMI HK chapter for more than a decade, I gained many valuable project management knowledge and experience from the chapter. As a return, I want to give back by serving the chapter as an Executive Committee member.

With most of my PM experience gained from ICT and STEM promotion, I am confident that I can help the chapter to pm special projects & conference, also help to plan the roadmap of chapter's digital transformation.

I wish I have the opportunity to serve the position of VP Special Projects & Technologies for the coming two years term.

PMI Leadership Experience:

- PMI HK Marketing Sub-committee:
 - Provide editorial support to VP of Marketing for the PMI newsletter.
