

EVP – External Elect: Dr. Cindy YAU

Vision Statement

It is my great pleasure to have served the PMI Hong Kong Chapter for more than 15 years, witnessing its continuous growth and successes. In addition to serving as the Honorary Secretary, I have also taken up the roles of Executive Vice President, Internal and External. In coming two years, I look forward to continuously taking up the role of EVP External to contribute more to the prosperous development of the project management profession in Hong Kong. In my doctoral research conducted with PMIHK members and PMPs in HK in 2016, I have found that project management performance is 49% correlated with project success. As the EVP External, I will work with the external team, including marketing, education, corporate relationships, special projects and awards, to make the community more aware of the importance of project management so that more project successes will be achieved by all of us together.

PMI Leadership Experience

- Executive Vice-president, External, PMI Hong Kong Chapter (2019-2021)
- Executive Vice-president, Internal, PMI Hong Kong Chapter (2013-2019)
