

VP Membership Elect: Mr. HUNG Kin Yip, Kenneth

### **Vision Statement**

Recently, PMI Hong Kong Chapter is facing lots of challenges. Due to the pandemic, the Chapter is unable to organize any face-to-face members' events for more than a year. At the same time, some members are having difficulties to maintain their PMI credentials as no on-site training is available. I will devote my time and effort to help the Chapter to recover from the pandemic and to further develop our coverage within our region.

I will organize more online events for chapter members and encourage more online networking among the chapter members. I will also work together with our VP Education on coming up with special online trainings for our chapter members. Working closely with PMI to launch special campaigns to deliver more values to our members so as to grow and retain our members is also on my list for the coming 2 years. Furthermore, I will work with other committee members to promote our Chapter in different industries.

I am looking forward to serving and delivering more values to all our members in the next two years.
