1. Editor's Note

Greetings from PMI Hong Kong Chapter!

Past three years had been very challenging to Hong Kong SAR and the whole world at large, with the persistent nature of the COVID-19 pandemic creating a constantly shifting landscape. Despite these hurdles, PMI Hong Kong Chapter is determined to keep its promise of supporting our Hong Kong members as well as promoting the principles of the Project Management Institute!

Meanwhile, this is a good time for re-planning and powering our tomorrow success. PMI HK Chapter held its AGM at the end of July 2023 and this event represents a major milestone for the in-coming elected Executive Committee for 2023 to 2025 term, in serving the members of the project management community in Hong Kong!

In this issue, President Christine Yau shared her thoughts on PMI HK Chapter and you can read all about this in her article. I am also pleased to have our Executive Committee to provide you the update on the events and seminars.

You are always welcome to provide us ideas or contribution to our newsletters. If you would like to join us as volunteers, please feel free to contact us at any time.

Thank you very much and enjoy reading!

Best regards,
Kylie Fung

2. Welcome Message from President

A big warm welcome to our Project Management Institute Hong Kong Chapter (PMIHK) members and readers in our Chapter's October 2023 newsletter. Having reached the last quarter of 2023, PMIHK has had a very exciting year with lots of events for our members and achievements to-date; to name a few, the popular 2022-2023 Mentorship program, an educational visit to TVB, the Executive Committee Elections (2023 – 2025 term) and the Annual General Meeting 2023. We have saved our premier event yet for the 2023, the PMIHK Project Management Congress.

It is an honour for me to continue serving as President of PMHK for the 2023 to 2025 term. I would also like to give my sincere and heartfelt thanks to the Executive members of 2021 – 2023 for their dedicated contributions and services to the Chapter and service to the PM community.

I would like to welcome the newly elected Executive Committee and am happy to lead the team of 10 experienced “veterans” and 5 new passionate VPs, through the 2023 to 2025 term. Having just held the PMIHK Strategic Planning Workshop in September, the Executive Committee is highly motivated to deliver oodles of exciting initiatives for our members.

Apart from welcoming new executive committee members, I would like to show my appreciation to the retired 2021-2023 Executive Members, Dr Cindy Yau, Dr Monica Tang, Ms. Chia Min Fung, Mr Manoj Argawal and Mr Alex Sin.

Our PMIHK Congress 2023 will be held on 25th of November at Science Park. With the COVID restrictions long behind us, this event will no longer be virtual and it will be a fully onsite event where attendees and the PM community can now meet face to face and network with each other. The theme of the Congress is “Powering Tomorrow Success”, and please mark your calendar and join us for another successful conference.

Here are some of the major events from late 2022 to September 2023:

- Science Park Visit Tour – Oct 2022
- Visit TVB City of Television Broadcasts Limited at Tseung Kwan O – Feb 2023
- Mentor Program Sep 2022 to Mar 2023
- PMIHK Executive Committee Elections – Jun to Jul 2023
- PMIHK AGM – Jul 2023

I strongly encourage every member to be proactive in our Chapter and they can give their support in a variety of ways, like being volunteers for events, contribute articles for our newsletters and social media sites, join our Chapter events, etc.

I thank all of you for your continued support and I look forward to meeting you at our events. Wishing you lot of successes for the rest of 2023. Our Chapter's success is dependent on your active participation.

3. Annual General Meeting of PMI HK Chapter 2023

The Annual General Meeting of PMI Hong Kong Chapter for 2023 was successfully held on 20 July 2023 at 6/F., UQ Place, 7 Austin Road, Kowloon and was attended by more than one hundred Chapter members as well as volunteers and the Executive Committee in person and through video conference mode.

President Christine Yau (incumbent and re-elected for 2023-25 term) welcomed members, distinguished guests, and the dedicated team of volunteers to the AGM. She was very pleased to report to the members on the successes of the last year such as hosting and participating in a number of activities/events for the 2022/23 year and to present the initiatives for the year ahead. It was also highlighted that the Chapter's financial position was in a sound position to support and fund future activities.

In-coming Executive Committee members for the 2023 to 2025 term were officially announced and introduced to the members. Ms Christine Yau, who was re-elected as President, will continue to lead the re-elected and newly elected executive committee to achieve successes for the Hong Kong Chapter to benefit its members and the project management community in Hong Kong.

President, Christine Yau delivered the welcome speech to the members.

Special Seminar after AGM - “How to set-up project management process in an early-stage startup?” by Mr. Hugues Hallot

A special seminar was organized after the AGM. Our distinguished guest speaker, Mr. Hugues Hallot delivered his presentation to our members on **“How to set-up project management process in an early-stage startup?”**. Hugues has more than 13 years of experience in management consulting and had led the projects of a blockchain start-up and its incubation hub. He is now investing in early-stage start-ups for the fully funded venture capital arm of a single-family office in Hong Kong.

During the sharing, members were introduced to the specificities of a startup environment regarding project management, and how to maximize the value of the organization with project management. Mr Hallot also shared the similarities between startup projects and corporate projects. They come out with a better understanding of how to address their work in a startup context, whether they had planned a carrier shift or want to learn how to better interact with startups.

Christine presented an appreciation certificate to Mr. Hugues Hallot.

4. PMI HK Chapter Project Management Congress 2023 ***“Powering Tomorrow Success”***

After we enter the post COVID world, we find the world has changed. How can we be more sustainable today and be successful for tomorrow?

6. PMI HK Chapter Seminars on 26 Sep 2023

Seminar on Become a Leader

We are so honoured to have Dr. Jacky Tang, adjunct Professor in Finance at HKU Business School as our seminar speaker at this seminar.

Dr Tang has led a series of seminars on behavioural finance, sustainable finance, financial markets, asset allocation and investment management. He is also a Master's thesis supervisor at the Institute of Sustainability Leadership, University of Cambridge, UK and an advisor to the Asian Institute of Sustainable Technology. He holds a PhD in Economics from Shanghai University of Finance and Economics and an MSc from the University of Cambridge, UK.

We had over 20 members joining the online seminar. Dr. Tang has shared the topic "How to become a leader". Dr. Tang's seminar was highly rated and was especially praised for being easily understood, professional and thoroughly enjoyable.
